

MOSAIC® Outdoor/Indoor LED Flexible Light Strips

Key Features & Benefits

- Enhance décor of interior and exterior of commercial, hospitality, retail, healthcare or residential applications
- Flexible outdoor rated strips suitable for year round outdoor use
- Mount clips to almost any surface
- Easy-to-install – Configurable around corners with the minimum bend radius of 2.5"
- Control options include dimming, strobing, fading, color changing between 15 colors and white as well as a pre-programmed patriotic red, white and blue effect

Fun, flexible and versatile, MOSAIC Outdoor/Indoor light strips are limited only by what you can imagine. MOSAIC is a bendable, durable strip that can be mounted with clips (included) to any clean and dry surface—outside or inside to light up any space.

Starter kits come with one 16.4' flexible LED light strip, 10 mounting clips, 22 screws and a remote control. Additional expansion kits are also available in 16.4' increments, allowing up to 82' of MOSAIC strips to come from one power source.

Color changing: Flash, strobe, fade or smooth transition of light.
