*Mounting frame compatibility was determined based on whether the ULTRA RT6/HO would fit within the identified mounting frame when appropriately modified. The presence of a mounting frame on the compatibility chart is not a guarantee or warranty of the compatibility of the RT6/HO in any particular installation. The absence of a mounting frame from the compatibility chart does not indicate that the RT6/HO is not compatible with a particular mounting frame. In any install, the installer should make sure that the RT6/HO is securely retained in the mounting frame at the time of install.
